

YouTube Channel Blueprint Template

Overview

Your task is to generate three potential YouTube video titles and three distinct thumbnail suggestions and a brief outline of the idea for Jack Roberts' channel. You will adapt the core concept of a provided viral video to suit the channel's focus on AI automations, business, trending AI, no-code strategies (e.g. using Make.com and n8n) and entrepreneurial advice.

What You'll Need

- A viral video's title and thumbnail description (to serve as inspiration).
 - Detailed channel information (see below).

Video Concept

You will receive a viral video's title and thumbnail description. Your mission is to adapt its core concept to create content ideas that align with Jack Roberts' niche.

Title Guidelines

- Each title must be under 50 characters.
- Spark immediate curiosity with a concise, clear premise.
- Incorporate specific details, numbers and powerful adjectives.

- Use proper title case (capitalize major words; keep connector words like “of”, “in”, “for” lowercase).
- Avoid blatant clickbait while ensuring clarity and trust.

Step-by-Step Process

1. **Identify the Core Topic:** Analyse the viral video's content to determine its main subject.
 2. **Spot the Curiosity Gap:** Consider what surprising element or secret is hinted at—what makes the concept compelling?
 3. **Adapt for the Channel:** Transform the idea to fit Jack Roberts' niche, ensuring consistency with the channel's focus and tone.
 4. **Craft Your Ideas:** Produce three unique title and thumbnail combinations that adhere to the guidelines above.
 5. **Review:** Check for clear, concise, and grammatically correct British English throughout.
